---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## ACTIVIDAD 2

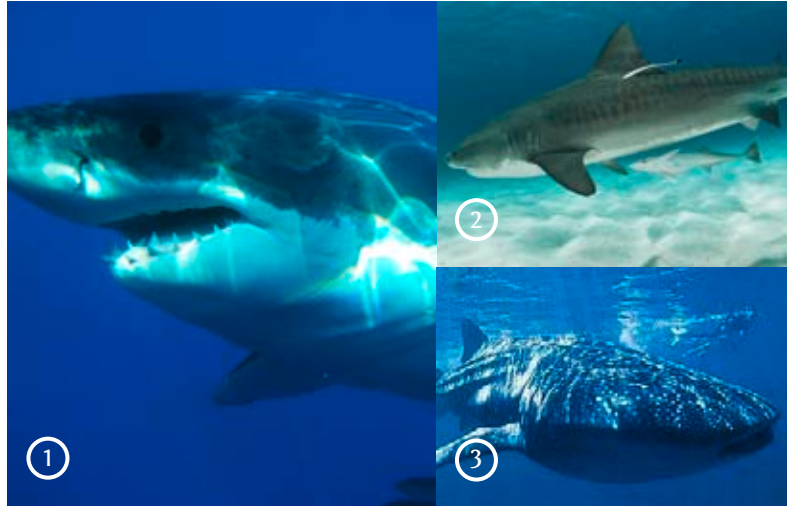

De todos los sentidos que han desarrollado los tiburones y que ya conoces, ¿sabrías ordenarlos según la distancia a la que pueden actuar?:

1. Tacto
2. Electrorrecepción
3. Visión
4. Presión
5. Olfato
6. Oído

### ACTIVIDAD 3

Averigua el nombre científico y el tipo de reproducción que presentan los siguientes tiburones:

1. Blanco

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

2. Tigre

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

3. Ballena

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

4. Tintorera

5. Nodriza
